

Cooperation Agreement

**under Mediterranean Network of Basin Organization (MENBO)
and Interstate Commission for Coordination Water of Central Asia
(ICWC)**

between

**Júcar River Basin Authority (Spain) and Basin Water Organization
“Amudarya”, Basin Water Organization “Syrdarya”, Scientific-
Information Center ICWC (Uzbekistan)**

Background

These representatives have established an interest in cooperating in future water management related projects.

Agreement

The Júcar River Basin Authority under Mediterranean Network of Basin Organization (MENBO)

and

Basin Water Organization “Amudarya”, Basin Water Organization “Syrdarya”, Scientific-Information Center ICWC under Interstate Commission for Coordination Water of Central Asia

have agreed on starting a closer cooperation that will become a twinning basin program on the coming months to promote the exchange of expertise and technicians between all authorities in order to improve their water management knowledge.

This twinning project from now on called “JÚCAR-AMUDARYA-SYRDARYA” will follow the proceedings of INBO’s twinning project TWINBASIN^{XN} approved by the European Commission within the 6th Framework Research Programme.
